The Sun Is Also a Star is a truly lovely story of love, romance, fate, and destiny.

Natasha is a Jamaican-born immigrant living 26 in America, not by choice exactly. Her parents brought her over and created the situation she 27 to be out of.

Daniel is an American born of Korean immigrants. He believes in true love, fate, and all that other nonsense that Natasha 28 through scientific reasoning.

Daniel and Natasha meet by 29 on the streets of New York on the day that she is to be 30. She doesn't tell him that but does allow him to keep her company while he tries to get her to fall in love with him over the course of the day.

Natasha is me. I found her so similar to myself. She's scientifically-minded, practical, somewhat cynical, and always 31. Her obsession with the universe through a scientific lens is infectious and I 32 Daniel seeing that too.

Daniel is charming and passionate and has a way with words that even 33 Natasha's tough outer shell. By the end of the book I fell in love with both of them.

I used to find romance stories to always be cheap or laughable. I think now I can see the value in escaping into a story of pure optimism. I got 34 in *The Sun Is Also a Star* and finished it cover to cover in a weekend. I couldn't wait to get to what I hoped would be a happy ending.
